DAY 3 Rio de Janeiro € Depart from the hotel to the Corcovado railway station at the foot of the Corcovado mountain. Walk 222 steps from the train station to the 38 meter high statue of Christ the Redeemer, 710 m above sea level. (Optional: full-day regular tour to Itacuruça, with cruise to tropical islands.)

DAY 4 Rio de Janeiro € Drive 1 1/2 hours through numerous fields, banana plantations and villages along the way to the small fishing village of Itacurussa. Here nature has excelled itself and dotted the bay with over 300 islands. Made of sheer rock and covered with thick, lush vegetation, they appear to be floating jungles in the emerald green waters. Embark on a "Saveiro" (schooner from the northeast of Brazil) for a leisure cruise in the calm waters of the Sepetiba Bay. Stop for swim on a deserted island. In the afternoon, guests are free to explore the island. Arrive back at Rio's hotel around 6:00 pm.

DAY 5 Rio de Janeiro / Iguazu Falls € Transfer to airport. Flight to Iguazu (not included). Arrival and transfer in Iguazu. Day free, at leisure. (Optional: Dinner with local show.)

DAY 6 Iguazu Falls € Morning tour to Argentinian side of the waterfalls. Lunch at Canoas Restaurant or similar. Afternoon tour to Brazilian side of the waterfalls to a point from where one has a nice view of the falls on the Argentinean side and where a pathway begins. Walking along the pathway through the lush forest, one will see more and more of the falls and possibly small animals, birds and butterflies. At the end of the pathway, are souvenir shops, a bar and bathrooms. Ascend to the main road by elevator and return transfer to the hotel.

DAY 7 Iguazu Falls € Morning, departure to "Macuco Safari". The adventure starts on a track in the National Park up to the Macuco Waterfall, a 20m high crystal water fall, which emerges in the vegetation forming a natural pool on the rocks. Travel the first 3km by electric jeeps, which are anti-noise and air pollution, preserving the natural environment. The next 600m are done on foot through the jungle towards the Macuco waterfall. Throughout the tour bilingual guides provide interesting accounts of the local fauna and flora. On arrival to the bank of the Iguazu River, get on a rubber dinghy, equipped with life jackets, and travel upstream along the canyon towards the Falls. Afternoon transfer to the airport.
