## the dream of the Antarctic

11 DAYS

Ushuaia · Antarctica · Ushuaia

FROM \$6499<sup>99</sup>

This 11-day expedition provides the ideal trip to the great white continent. With departure and return from Ushuaia, provincial capital of Tierra del Fuego, Argentina, you will make an exciting crossing of the legendary *Drake Passage* to arrive in the *South Shetland Islands* and the *Antarctic Peninsula*. From the waters of Patagonia to the gateway of the spectacular landscape of fjords, glaciers and icebergs, the *M/V Antarctic Dream* will transport you in a comfortable environment, full of on-board entertainment, hotel and dining services and, above all, under the attentive care of the crew.

### Day 1 – Ushuaia

Passengers board the *M/V Antarctic Dream*. Greeting by our Expedition Leader and staff. Check-in begins at 2:30 pm on departure day. Lunch and dinner included.

### Day 2 & 3 – Drake Passage

Wandering albatrosses, storm petrels and other seabirds will escort the vessel as you sail south across the *Drake Passage*, named to honour Sir Francis Drake, the 16<sup>th</sup>-century English navigator. Continue towards the *Antarctic Convergence*, a biological barrier where cold polar waters sink beneath the warmer waters of the more temperate zone. In 1819, the British explorer William Smith described the *South Shetland Islands* as "barren and covered with snow, with seals in abundance". Breakfast, lunch and dinner included.

### Day 4 to 8 – Antarctica Peninsula

Experience the magnificent scenery of mountains, snow and ice and a wide variety of the native wildlife such as the blue-eyed shags, gulls, cape petrels, skuas, snowy sheathbills and Antarctic terns. Marine mammals may be spotted at close range, including Weddell crab-eaters, leopard seals, orcas, humpback and mink whales.

The program includes a first landing on the *White Continent* (Neko Bay) discovered by Adrian de Gerlache, a Belgian explorer; and a second, on *Port Lockroy* (Gaudier Island), close to *Wiencke Island* in the *Antarctic Peninsula* and principle base of the 1944 *Tabarin Operation* for scientific research such as the Antarctic's first ionosphere measurements and the first recording of an atmospheric whistle. Breakfast, lunch and dinner included.

### Day 9 & 10 – Drake Passage

Leave the Antarctic and head north back across the *Drake Passage*. Live the unique experience of swimming in *Whaler's Bay* and *Pendulum Cove*. In the afternoon, disembark at *Hannah Point* (Livingstone Island), one of the best places in the Antarctic to see fauna: Chinstrap and Gentoo penguins, giant petrels, Wilson petrels, skuas and blue-eyed shags. With luck, you should also spot sea elephants. Enjoy the way back to Ushuaia comparing and revising notes, photos, and dwell upon the past weeks adventures. Take in the final lectures and enjoy the delicious gastronomy on board.

### Day 11 – Ushuaia

Land at 9:00 am after an early breakfast. Thus ends an incredible and unique expedition.

This estancia has a large area of marshlands and wetlands, both of which are teeming with bird life (more than 400 species), making another varied ride and giving the chance to see the graceful black-necked swan (largest populations in the world found here), the rare white goose and many ducks and other birds such as the largest bird in South America – the 'ostrich-like' *ñandú* (rhea). ## Montevideo Escape

5 DAYS FROM \$569<sup>99</sup>

Montevideo is flat and open, stretching as far as the eye can see. It has been shaped and defined by its rural character. Originally, the city's economy depended almost entirely on agriculture and related industries.

Today, Montevideo remains a wonderfully comfortable place to live. The city is green and beautiful, with rivers, parks and bike trails winding through.

Montevideo may be overshadowed by its flashier neighbors, Punta del Este and Buenos Aires, but Uruguay's capital does not suffer from an inferiority complex. As the country's commercial and political hub, Montevideo follows its own, nonchalant pace. Its 1.3 million residents are eager to show off their city's time-warp-like pleasures, like the leather cases slung over their shoulders that hold thermoses and gourds to make *mate tea*. And although Montevideo's skyline is punctuated by few skyscrapers, it is home to charming small museums, a lively old city and only a handful of tourists. It is a city that Uruguayans are happy to keep under wraps
